

There are so many things available only in Japan, and those are very popular.

Otaku goods like anime stuff.

Which items sell well?

Surprise! The president is an American young lady!

Some adult stuff, too.

Also car parts

Here is the office and warehouse. We ship the won items abroad from this place.

I am Heather Russell of Rinkya Inc.

Well, I don't eat ramen everyday, but I don't eat sushi everyday.

And, does it a good profit?

And, can I ask you the body's sizes?

Tell me more about the point!

I try hard to eat sushi everyday.

Japanese products are like NEW, even though they say used. They send stuff quick, with almost no troubles.

Don't!

hmm

Me want sushi, too.

How brave & vivacious!! To run a business in foreign country ! Lazy one like me never can do like that.

If there are claims on Yahoo, it can cause delay for even a day.

Ebay is full of troubles with the sellers

Great Japanese speaking!

We came here to hear about business, didn't we!?

Like a model!

I see.
